

7.5 HP Gasoline Powered Tiller

This gasoline powered tiller features a 7.5 HP engine, providing reliable power for soil preparation. Its superb adjustability makes it suitable for all types of soil and landscapes.

Product Overview

Professional Soil Cultivation Solution

This gasoline-powered tiller is designed for robust soil preparation and efficient cultivation in small to medium-sized agricultural environments. Featuring a reliable 7.5 HP engine and gear-driven transmission, it offers the power and durability required for demanding tilling tasks. Adjustable settings for depth and width ensure versatile operation, while the heavy-duty design minimizes downtime and enhances overall productivity.

Technical Specifications

Maximum Power Output

7 HP Rated Power	3600 RPM Engine Speed
----------------------------	---------------------------------

Tilling Range

Metric	Range
Tilling Depth	150-300mm
Tilling Width	750-950mm

Engine & Transmission

Starting Method

Recoil Start

Engine Model AMM170F

Gear Shifting Pattern -1, 0, 1, 2, 3

Logistics & Physical Specs

Net Weight	93 KG
Gross Weight	101 KG
Package Size	780 x 450 x 730 mm
