

750W 115mm Angle Grinder for Cutting and Grinding

This 750W 115mm angle grinder is a versatile tool for cutting, grinding, and polishing. It features a robust motor that delivers ample power for demanding applications.

Overview

Versatile 750W Performance

This 750W angle grinder is engineered for professional cutting and grinding tasks, featuring a high-performance motor that delivers a no-load speed of 12,000 RPM. Designed with user safety and comfort in mind, it includes a slim body for better grip and an anti-vibration handle to reduce fatigue during extended operation. The tool is equipped with essential safety features like accidental start protection and dual wheel guards for both cutting and grinding applications.
