7W COB LED Light Bulb

This 7W COB LED light bulb is designed for efficient and high-quality lighting. It features a Chip-on-Board (COB) LED for enhanced brightness and uniform light distribution.

Product Overview

High-Efficiency COB LED Lighting

This 7W COB LED light bulb is engineered for high-quality, uniform light distribution. Utilizing advanced Chip-on-Board (COB) technology, it delivers enhanced brightness while maintaining energy efficiency. Its durable construction and compact design make it an ideal solution for accent lighting, display cases, and general illumination needs.

Technical Specifications

Power Consumption	7 W
Light Source	COB (Chip-on-Board) LED
Key Features	Energy Saving, Uniform Distribution, Compact Design, Long Lifespan

Applications

Recommended Applications

- Accent lighting
- Display lighting
- General illumination
