

8-Drawer Roller Tool Cabinet with 413-Piece Tool Set

This expert-quality, 8-drawer roller cabinet is made from steel with a powder-coated finish. It is fitted with fixed and braked swivelling castors and a robust locking system.

Overview

Professional 8-Drawer Tool Solution

This expert-quality 8-drawer roller cabinet is manufactured from heavy-duty sheet steel with a durable powder-coated finish, designed for the rigors of a professional workshop. It comes fully equipped with a comprehensive 413-piece tool set organized across precision ball-bearing drawers with anti-slip mats. The unit offers exceptional mobility and security, featuring a robust integral locking system and wide-diameter castors for smooth transport.
