Overview

Professional 8-Inch Active Subwoofer

This high-performance 8-inch active subwoofer is designed to deliver deep, clean, and impactful bass for home theater and audio systems. Featuring a robust 100W RMS amplifier and an adjustable crossover, it provides precise control over low-frequency output to ensure a seamless match with satellite speakers. The unit is housed in a durable wooden enclosure with a high-bright piano-painted front panel, combining aesthetic elegance with superior acoustic performance.
