Overview

Designed for industrial applications with an 8-inch display.

Reliable mobile computing for logistics and warehousing.

Industrial Rugged Performance

This 8-inch industrial rugged tablet is engineered for demanding field environments, featuring an IP67 rating for superior water and dust resistance. Powered by Android 9.0 with an octa-core processor, it delivers reliable performance for logistics, warehousing, and field service applications. The device integrates a high-performance 1D/2D barcode scanner and a long-lasting 8400mAh battery, ensuring seamless data capture and extended operational time in the field.

Physical Attributes

Dimensions	253.8 x 146 x 16.5 mm
Weight	688 g

Display & Interface

Display	8-inch FHD (1920x1200)
Touch Screen Features	Glove-friendly, Wet-finger support, Passive pen support, Multi-touch

Performance

Operating System	Android 9.0
Processor	Octa-core Cortex-A53, 1.8 GHz

Power & Battery

Battery Capacity	8400 mAh
Charging Time	< 4 hours (with QC3.0)

Data Capture

Integrated barcode scanner for efficient data capture.

Cameras

5 MP Front Camera	13 MP Rear Camera
-----------------------------	-----------------------------

Barcode Scanning	Integrated 1D/2D reader
------------------	-------------------------

Connectivity & Expansion

Available Slots

- Micro SD/TF x1
- Nano-SIM x2
- PSAM x1 (optional)

Audio	Dual Speakers, Dual Microphones, Earphone Jack
