

8-Port USB Hub with LED Indicators

This USB hub features eight ports for expanding USB connectivity. Each port has an LED indicator to show connection status.

Overview

Compact Multi-Port Connectivity

This 8-port USB hub is designed for professionals needing to expand their workstation connectivity seamlessly. Featuring a distinct transparent green casing, it offers a compact form factor that fits into any modern office setup. Each of the eight integrated USB ports is equipped with individual LED indicators, allowing users to monitor connection status at a glance.
