

8-Ton Hydraulic Bottle Jack

This hydraulic bottle jack is designed with a welding type construction. It features an 8-ton capacity, a minimum height of 200mm, and a lifting height of 125mm.

Product Overview

Industrial Hydraulic Lifting Solution

This heavy-duty hydraulic bottle jack is engineered for demanding industrial and automotive lifting applications. Featuring a robust welded construction, it is designed to provide reliable performance when lifting heavy machinery and vehicles. With integrated safety features like overload protection and a stable base, it ensures secure operation for professional mechanics and maintenance personnel.

Technical Specifications

Lifting Capacity

100 TON
Capacity

Minimum Height	335 mm
Lifting Height	180 mm

Logistics & Dimensions

Net Weight	70.67 Kg
Gross Weight	73.67 Kg
Packing Dimensions	29 x 26 x 28.5 cm

Certifications & Compliance

Certifications	CE, TUV
