

# 8.0 KG Front Loading Washing Machine with Hybrid Control

This is an 8.0 KG capacity front loading washing machine. It features hybrid controls and a spin speed selector.

## Product Overview

### High-Efficiency Front Loading Washing Machine

This 8.0 KG front-loading washing machine is designed for reliable performance in professional environments. Featuring an intuitive hybrid control system and a durable stainless steel drum, it offers versatile washing options with adjustable spin speeds. Its robust construction and efficient capacity make it an ideal choice for high-volume laundry needs.

## Technical Specifications

### Spin Speeds

- 600
- 800
- 900

### Power Requirements

**220 V**

Voltage

**50 Hz**

Frequency

Model Number: WM1086

Washing Capacity: 8 kg

## Construction & Materials

### Control System

Hybrid Control

Drum Material: Stainless Steel

Tub Material: Plastic

## Logistics & Dimensions

### Dimensions & Weight

Metric	Value
Net Weight	77 kg
Gross Weight	81 kg
Product Dimensions	600 x 635 x 850 mm
Packing Dimensions	662 x 663 x 890 mm

40HQ Container Load: 159

## Compliance

Energy Efficiency Classes: Class B, Class C
