

## 8.2MHz Magnetic Round EAS Hard Tag

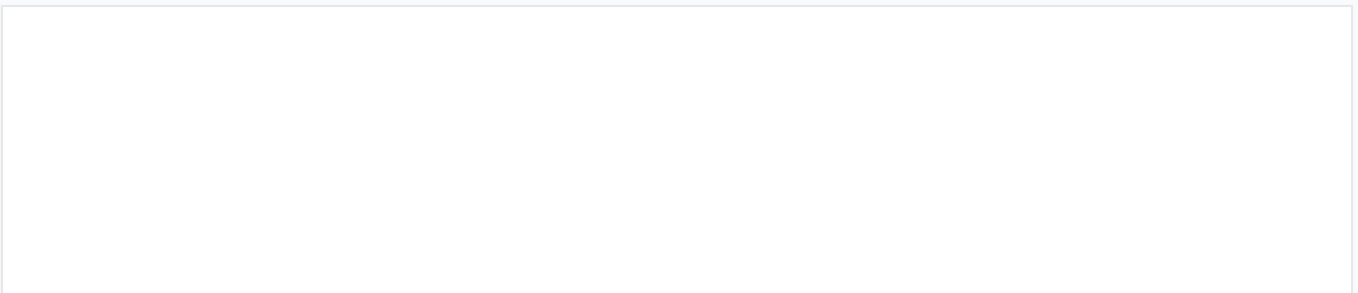

This reusable hard tag is an anti-theft device for retail environments. The magnetic round EAS tag operates at 8.2MHz and attaches to merchandise to deter shoplifting.

### ADDITIONAL IMAGES

### Overview

Standard 8.2MHz RF round hard tag for retail security.

### High-Performance Retail Security

This 8.2MHz magnetic round EAS hard tag provides a robust and reusable anti-theft solution for supermarkets and retail environments. Engineered for durability, it features a high-quality magnetic locking mechanism that securely fastens to merchandise, triggering store alarms if unauthorized removal is attempted. Its versatile design and small footprint make it an ideal choice for protecting a wide range of high-shrink inventory without obstructing the customer experience.

## Technical Specifications

### Operating Frequency

**8.2 MHz**

Frequency

### Material Quality

- High-quality new raw materials (non-recycled)
- Reinforced internal iron prop
- Durable ABS plastic construction

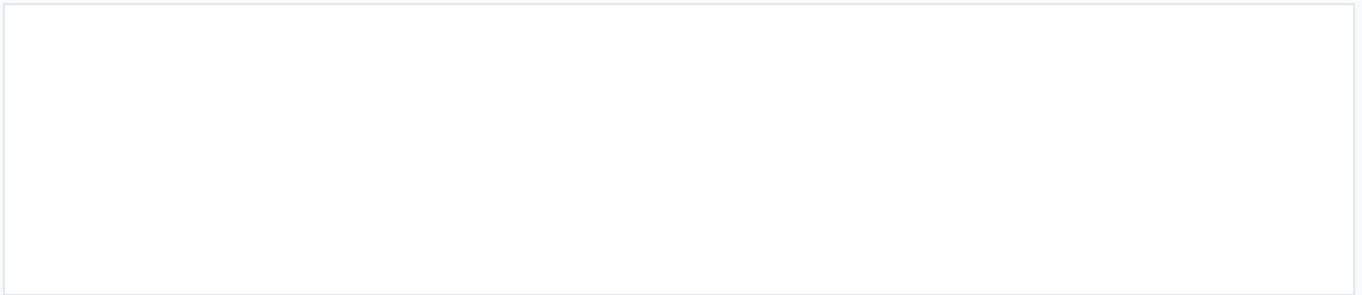

### Unit Dimensions

50mm Diameter x 19mm

### Locking Mechanism

Magnetic Locking

## Design & Customization

The T035 round tag is designed for maximum cost-effectiveness and security.

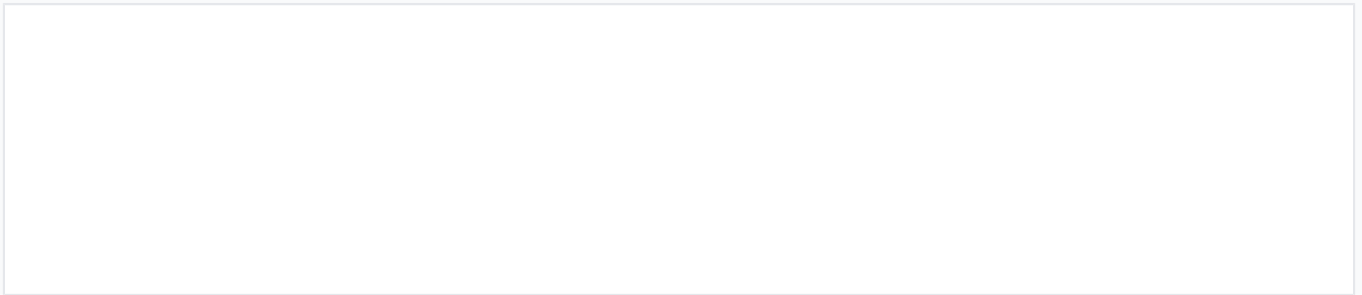

### Available Colors

Black, White, Customized

### Tag Style

Lanyard pencil tag / Round tag

## Performance & Durability

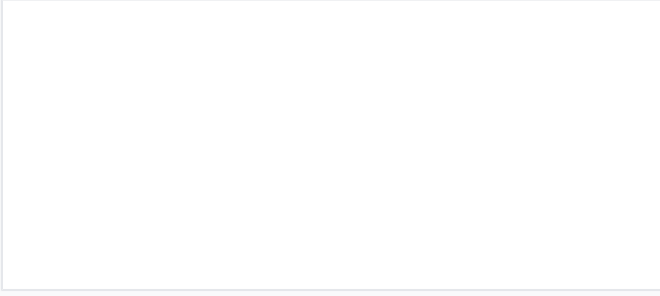

Tested to remain intact even under high pressure (up to 135kg) or hard impact.

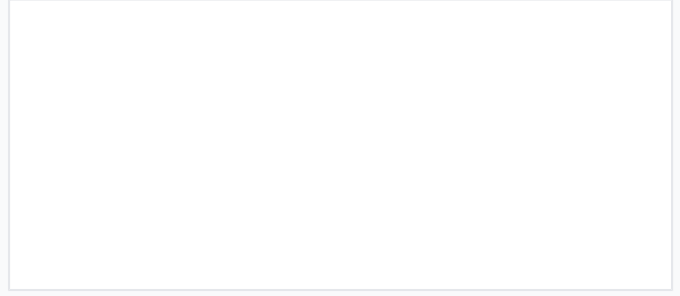

### Durability Features

- Impact resistant (remains intact when thrown)
- High pressure resistance (tested up to 135kg load)
- Stronger internal ferrite components

## Usage & Application

Simple 4-step process for professional application and removal.

Versatile application across various retail product categories.

### Operational Benefits

- Quick application and removal
- Reduces labor costs by up to 70%
- 3-in-1 design for efficient storage
- Small and lightweight for versatile placement

### Common Applications

Handbags • Footwear • Belts • Accessories • Outerwear • Sporting Goods • Hardware

## Logistics

Minimum Order Quantity

500 pcs
