Product Overview

Professional Shed-Resistant Roller Cover

This 9-inch shed-resistant paint roller cover is engineered for professional-grade application of dispersion, latex, and silicon-based paints. Featuring a polyester construction with a twisted base and spread top, it excels at absorbing and releasing paint efficiently. Designed for medium-complexity applications, it delivers a smooth finish with very low granulation on even surfaces.

Technical Specifications

Roller Size	9 inch
Material Composition	Polyester (twisted at base, spread at top)
Compatible Paint Types	Dispersion Washable, Latex Based, Silicon Based

Usage & Maintenance

Application Complexity

Medium Complexity

First-Time Preparation

- Wash the roller with water and soap before initial use
- Press the roller to remove loose fabric fibers from the production process
