

90-Degree Female Threaded Elbow Pipe Fitting

90-degree elbow pipe fittings connect pipes at a 90-degree angle. The fittings feature female threaded ends, allowing secure connections with male threaded pipes or fittings.

Product Overview

Professional Grade 90-Degree Elbow

This 90-degree female threaded elbow pipe fitting is engineered for reliable directional changes in piping systems. Featuring robust female threaded ends, it facilitates secure, leak-resistant connections with male threaded pipes or fittings. Its durable construction makes it an ideal solution for a variety of industrial and commercial plumbing applications.

Technical Specifications

Key Features

Durable Construction • Secure Connection • Corrosion Resistant

Fitting Angle	90 degrees
Connection Type	Female Threaded
Application Suitability	Plumbing, Piping Systems, Industrial, Commercial
