

90-Degree Stainless Steel Elbow Fitting

This 90-degree elbow fitting connects pipes at a right angle. Constructed from 304L stainless steel, it offers excellent corrosion resistance and durability for various piping systems.

Product Overview

Professional Grade 90-Degree Elbow

This 90-degree elbow fitting is engineered for seamless pipe redirection in demanding industrial environments. Constructed from high-quality 304L stainless steel, it provides superior corrosion resistance and long-term durability. Designed to ensure a secure, leak-proof connection, this component is essential for maintaining integrity in fluid flow systems.

Technical Specifications

Material Grade

304L Stainless Steel

Angle

90 degrees

Size Specification

1½-10S

Part Number

87523

Application & Features

Key Features

Corrosion Resistant, Leak-Proof, Industrial Grade, Durable
