

9000-12000 BTU/h Portable Air Conditioner with 3-in-1 Operation

This portable air conditioner provides 9000 to 12000 BTU/h of cooling. Its 3-in-1 operation system includes cool, dry, and fan functions with an auto-evaporative system.

Product Overview

Versatile Climate Control Solution

This portable air conditioner offers flexible cooling solutions with three distinct operating modes: cooling, dehumidifying, and fan-only circulation. Designed for convenience, the unit features an auto-evaporative system to minimize maintenance and 360-degree casters for effortless mobility between rooms. It comes fully equipped with essential accessories including an exhaust hose, window slide bar, and remote control for immediate setup.
