

# 900mm Stainless Steel Range Hood with Halogen Lamps

This range hood is constructed from stainless steel 304/430 and features tempered glass. It is equipped with halogen lamps, electronic switch controls, and filter units, with an exhaust outlet diameter of 150mm.

## Product Overview

### Professional Grade Extraction

This 900mm stainless steel range hood is engineered for demanding kitchen environments, featuring a premium 304/430 stainless steel and tempered glass construction. It delivers a powerful air extraction rate of 700m³/h, effectively clearing smoke and odors to maintain an optimal workspace. Designed for versatility and durability, the unit integrates efficient lighting and robust electronic controls for reliable daily operation.

## Technical Specifications

### Air Extraction Rate

**700 m³/h**

Extraction Rate

**190 W**

Motor Power

### Dimensional Details

Component	Measurement
Width	900mm
Base Depth	600mm
Base Height	90mm
Chimney Width	285mm
Chimney Depth	270mm
Adjustable Height	600-1100mm

## Features

### Lighting and Operation

- 4 x 20W Halogen Lamps
- Electronic switch controls
- Includes 2 filter units

### Materials

Stainless Steel 304, Stainless Steel 430, Tempered Glass

## Logistics

### Gross Weight

35 kgs
