

900mm Stainless Steel Range Hood with Tempered Glass

This 900mm range hood is constructed from stainless steel and tempered glass. It features four 20W quartz lamps, an electronic switch, a 2-piece filter mesh, a 150mm vent outlet, and a 190W motor with an air exhaust volume of 700m³/h.

Overview

Professional Grade Stainless Steel Range Hood

This 900mm wide range hood features a durable stainless steel construction paired with elegant tempered glass, making it an ideal choice for high-end commercial or residential kitchens. Engineered for optimal performance, the unit is powered by a robust 190W motor capable of delivering an air exhaust volume of 700m³/h. The combination of quartz lighting and electronic controls ensures both visibility and ease of use for the end operator.
