

90cm Freestanding Gas and Electric Range

This freestanding range features a gas cooktop and an electric oven. The unit has a stainless steel finish, digital display, rotary knobs, glass oven door, and storage drawer.

Product Overview

Professional 90cm Freestanding Range

This versatile 90cm freestanding range combines the precision of a 5-burner gas hob with the control of an electric oven. Designed for professional kitchens, it features robust cast iron supports and high-efficiency brass burners for consistent cooking performance. With advanced safety features and user-friendly mechanical controls, this unit is built to handle demanding culinary tasks while maintaining a sleek, modern aesthetic.
