Overview

Reliable 9V Power Solution

The 6LR61 alkaline battery is engineered to provide a stable and consistent 9V power supply for a wide range of portable electronic devices. Designed for longevity and performance, this battery is an ideal choice for high-drain applications such as smoke detectors and electronic toys. With a composition free from mercury and cadmium, it offers an environmentally conscious energy solution without compromising on output reliability.

Technical Specifications

Nominal Voltage	9 V
Battery Type	Alkaline
Model Designations	6LR61, 6AM6

Environmental & Safety

Environmental Compliance

0.00% Mercury • 0.00% Cadmium

Safety Precautions

- Do not recharge
- Do not dispose of in fire
- Risk of leakage if misused

Applications

Recommended Applications

- Smoke Detectors
- Portable Electronic Devices
- Toys
