Product Overview

A60 LED Bulb with DOB Technology

This A60 LED bulb utilizes advanced Driver on Board (DOB) technology to integrate driver circuitry directly onto the LED module, ensuring a compact and reliable design. Featuring a standard E27 screw base, it is engineered for easy installation across a wide range of residential and commercial lighting fixtures. The bulb provides efficient, uniform illumination, making it an ideal choice for decorative lighting applications.

Technical Specifications

Power Consumption	12 W
Luminous Efficacy	90 lm/w
Power Factor (PF)	0.5
Base Type	E27
CRI	>70

Design & Construction

Technology

DOB (Driver on Board) • A60 Shape

Key Components

- Circular LED array board
- Metallic screw base
- White plastic housing
- Translucent white diffuser dome
