Product Overview

A60 LED Bulb

The A60 LED bulb is designed for efficient, general illumination in both residential and commercial settings. Utilizing Driver on Board (DOB) technology, this bulb offers a compact design that ensures reliable performance and easy installation via a standard E27 screw base. Its diffused cover provides even light distribution, making it an ideal choice for various lighting applications.

Technical Specifications

Power Consumption	12 W
Luminous Efficacy	90 lm/w
Power Factor (PF)	0.5
Base Type	E27
CRI	>70

Key Features

Key Features

- Driver on Board (DOB) technology
- Diffused cover for even light distribution
- Standard E27 screw base
- Compact design for efficient heat dissipation
