

AA AAA Ni-MH Ni-Cd Battery Charger

This four-bay battery charger accommodates AA and AAA Ni-MH/Ni-Cd rechargeable batteries. It is equipped with individual charging channels featuring LED indicators and includes safety measures against overcharging and short circuits.

Product Overview

Versatile Battery Charging Solution

This four-bay battery charger is engineered for reliable performance with both AA and AAA Ni-MH and Ni-Cd rechargeable batteries. Featuring individual charging channels, it allows for independent monitoring of each battery's status via integrated LED indicators. Designed with safety in mind, it includes built-in protection against overcharging and short circuits, making it a dependable choice for both home and professional travel environments.
