Product Overview

High-Performance Lithium Power

These AA FR6 lithium batteries are engineered for high-drain electronic devices, providing a reliable and consistent energy source. Designed for durability, they perform exceptionally well under extreme temperature conditions. With a 10-year quality guarantee, these batteries ensure optimal performance and an extended lifespan for your professional equipment.

Technical Specifications

Operating Temperature Range

-30 °C	60 °C
Min Temp	Max Temp

Battery Type	Lithium
Voltage	1.5 V
Quality Guarantee	10 years

Commercial Terms

Minimum Order Quantity	20000 pcs
Private Label Available	Yes

Certifications & Compliance

Certifications	BSCI, GSV, ISO9001, ISO14001, 2006/66/EC, MSDS, IEC, UN38.3
