

AA Ni-MH Rechargeable Batteries 1800mAh

High-performance Ni-MH rechargeable AA batteries are designed for various electronic devices. These batteries provide a reliable and long-lasting power source with a capacity of 1800mAh.

Product Overview

High-Performance Rechargeable Power

These AA Ni-MH rechargeable batteries offer a reliable and long-lasting power source for a wide range of electronic devices. Designed for efficiency and sustainability, they provide a consistent 1800mAh capacity and can be recharged hundreds of times to reduce waste. Ideal for high-drain applications like cameras, toys, and remote controls, they serve as a cost-effective alternative to single-use batteries.

Technical Specifications

Capacity

1800 mAh
Capacity

Battery Chemistry	Ni-MH (Nickel-Metal Hydride)
Size	AA
Nominal Voltage	1.2 V

Usage & Compatibility

Common Applications	Cameras, Remote Controls, Toys, Household Electronics
Charging Compatibility	Standard Ni-MH chargers

Sustainability

Environmental Benefits

Rechargeable • Waste Reduction • Cost-Effective
