

AAA 1.5V Mercury-Free Batteries

AAA batteries provide 1.5V power for electronics. This pack contains mercury-free batteries.

Product Overview

Reliable Power for Daily Devices

These AAA batteries provide a consistent 1.5V power supply, making them an ideal choice for a wide range of electronic devices. Engineered to be mercury-free, they offer a safe and environmentally conscious power solution. The convenient packaging options support various supply needs, ensuring your equipment stays powered when you need it most.

Technical Specifications

Model Identifiers

- R03P/5BP
- R03P/1BP

Battery Size	AAA
Rated Voltage	1.5 V
Environmental Features	Mercury-Free

Performance

Key Performance Metrics

1.5 V
Voltage

Packaging

Packaging Configuration	6-pack
