

AAA Rechargeable Ni-MH Batteries 1.2V 850mAh

Rechargeable AAA batteries feature a 1.2V output and 850mAh capacity. They are suitable for use in devices such as MP3 players, PDAs, cameras, remote controls, and toys.

Product Overview

High-Capacity Power Solution

These AAA rechargeable Ni-MH batteries provide a reliable and long-lasting power source for a wide range of electronic devices. With a capacity of 850mAh and a standard 1.2V output, they are engineered for consistent performance in high-drain applications. Ideal for professional and consumer use, these batteries offer a sustainable alternative to single-use options.

Technical Specifications

Capacity

850 mAh

Rated Capacity

Battery Chemistry	Ni-MH (Nickel-Metal Hydride)
Battery Size	AAA
Rated Voltage	1.2 V

Packaging & Compatibility

Compatible Devices

- MP3 Players
- PDAs
- Digital Cameras
- Remote Controls
- Electronic Toys

Package Quantity	2
Key Features	Rechargeable, High Capacity, AAA Standard
