

# AAA Zinc Carbon Battery

This AAA zinc carbon battery is an extra heavy-duty power source suitable for low-drain devices. It provides a cost-effective energy solution with a stable voltage output.

## ADDITIONAL IMAGES

## Product Overview

### Extra Heavy Duty Zinc Carbon Battery

These AAA R03 size batteries are engineered for reliable, long-lasting power in low-drain electronic devices. Featuring advanced PowerLock technology, they ensure consistent energy delivery and extended shelf life. Designed with a focus on safety and environmental responsibility, these batteries are completely free of mercury and cadmium, making them an ideal choice for everyday household and business applications.

## Technical Specifications

Our comprehensive battery lineup includes various sizes and chemistry types to suit different power requirements.

Size Standard	AAA / R03 / SUM-4
Chemistry	Zinc Carbon
Nominal Voltage	1.5 V
Shelf Life	3 years

## Features & Benefits

**Brand Vision**

Durata proudly supports the leading power of Durata, which has the 1st award in China according to the award ceremony.

Durata's products are made in Germany, which has the highest quality standards in the world. Durata's products are made in Germany, which has the highest quality standards in the world. Durata's products are made in Germany, which has the highest quality standards in the world.

China's technology level has a great impact on Durata's products and technology. Durata's products are made in Germany, which has the highest quality standards in the world.

Overview of battery construction, leak-proof design, and technology benefits.

## Safety Compliance

0% Mercury • 0% Cadmium

## Key Features

Leak-proof, Anti-corrosion, PowerLock Technology, Extra Heavy Duty

## Applications

### Recommended Applications

- Remote controls
- Wireless mice
- Toys
- Flashlights
- Clocks
- Cameras
- Toothbrushes
- Fairy lights

## Logistics & Packaging

**Durata Size AAA**

Durata Size AAA batteries are built with PowerLock Technology for a long-lasting performance. They have a 3-year shelf life and are perfectly compatible with most household and business devices including wireless toys, remote controls, toys, flashlights, clocks, cameras, toothbrushes and fairy lights.

SPECIFICATIONS		NON-MERCURY	
Type	AAA R03 Size 4		
Capacity	800 mAh (2025)		
Leak Age	300 Days (2025)		
Technology	PowerLock Technology		
Material	Steel	Aluminum	Aluminum
Dimensions	44.5mm x 26.5mm x 10.5mm	44.5mm x 26.5mm x 10.5mm	44.5mm x 26.5mm x 10.5mm
Weight	10.5g (2025)	10.5g (2025)	10.5g (2025)
Applications	Remote controls, Toys, Flashlights, Clocks, Cameras, Toothbrushes, Fairy lights

**FAQ**

Q: Can I become the exclusive distributor of your brand?  
A: Yes, our company has MOQ requirement for our exclusive distributors in each specific market. You could have detailed discussion if you are serious.

Q: What is your mode of transportation for delivering the goods?  
A: Our goods are transported by sea.

Q: Do you provide COD?  
A: No, we don't offer COD service.

Q: What are the payment terms you accept?  
A: We accept immediate Letter of Credit at sight, and Telegraphic Transfer (TT) with 30% paid in advance, balance paid before shipment.

Q: What are the trade terms?  
A: The trade terms are FOB.

Q: What is your terms of packaging?  
A: Packaging includes shrink packs, shrink cards, blister cards, boxes, and cartons.

Q: How about your terms delivery time?  
A: About 15 days after receiving your advance payment. Specific delivery time depends on the items and the quantity of your order.

Q: Are your batteries safe?  
A: Our batteries are environmentally friendly and contain no mercury. They are of best good design and best concept.
