

Abrasive Cutting Disc for Angle Grinders

Abrasive cutting disc designed for use with angle grinders and cut-off saws. Constructed from high-quality abrasive grains bonded with resin for efficient and precise cutting of metal, stone, and other materials.

Product Overview

High-Performance Abrasive Cutting Disc

This abrasive cutting disc is engineered for precision and efficiency when used with angle grinders and cut-off saws. Constructed with high-quality abrasive grains and a durable resin bond, it ensures consistent performance across various materials including metal and stone. Designed for both industrial and DIY applications, this disc prioritizes safety and reliability during high-speed cutting operations.

Technical Specifications

Maximum Operating Speed

80 m/s

Peripheral Speed

Disc Thickness	4 mm
Abrasive Grade	41A36

Compliance & Safety

Safety Standards	EN12413
Safety Handling	Yes
