

Abrasive Cutting Wheel for Angle Grinders

Abrasive cutting wheel designed for use with angle grinders and cut-off saws. Constructed from durable abrasive grains bonded with resin, reinforced with fiberglass mesh for added strength and safety.

Product Overview

High-Performance Abrasive Cutting Wheel

This abrasive cutting wheel is engineered for high-speed operation with angle grinders and cut-off saws. Constructed from durable abrasive grains bonded with resin and reinforced with fiberglass mesh, it ensures both strength and safety during demanding tasks. It is highly versatile, making it suitable for cutting through metal, stone, and various other industrial materials.

Performance Metrics

Maximum Operating Speed

80 m/s

Max Peripheral Speed

Technical Construction

Material & Build

- Durable abrasive grains
- Resin-bonded construction
- Fiberglass mesh reinforcement

Application

Compatible Equipment

- Angle Grinders
- Cut-off Saws

Suitable Materials

Metal, Stone, General Construction Materials

Safety & Standards

Safety Compliance

Yes

Manufacturing Origin

China
