Product Overview

Professional Abrasive Cutting Solution

This professional-grade abrasive cutting disc is engineered for precision and efficiency across a wide range of materials, including stainless steel, metal, plastic, and wood. Designed for use with angle grinders, it offers high-speed cutting performance while maintaining durable construction standards. Its versatile design makes it an essential tool for various industrial and workshop applications.

Technical Specifications

Max Operating Speed

80 m/s
Max Speed

13300 RPM
Max RPM

Dimensions

115 x 1.0 x 22.2 mm

Compatibility

Compatible Materials

Stainless Steel (INOX), Metal, Plastic, Wood

Safety & Usage

Safety Requirements

- Always wear dust protection
- Always wear eye protection
- Always wear ear protection
- Use only with compatible angle grinders
