Product Overview

High-Performance AC Clutch for Audi A4

This AC clutch is engineered specifically for the 6SEU14C compressor series, ensuring seamless integration and reliable performance in Audi A4 air conditioning systems. Designed for durability and precise fitment, this component helps restore optimal cooling efficiency to your vehicle's climate control system. It features a robust PV6 pulley configuration, meeting strict quality standards for professional automotive repairs.

Compatibility & Fitment

Compressor Model	6SEU14C
Vehicle Make	Audi
Vehicle Model	A4

Technical Specifications

Pulley Configuration	PV6
Compatible Part Numbers	8E0260805AS, 4H0260805E, 8E026
