Product Overview

5SL12 AC Compressor Clutch

This 5SL12 AC compressor clutch is engineered for seamless integration with Lancia, Suzuki, and Fiat Grande Punto air conditioning systems. The assembly includes the clutch hub, pulley, coil, and bearing, ensuring a comprehensive solution for compressor maintenance. Designed to meet strict OEM specifications, this component effectively regulates cooling performance by managing the engagement and disengagement of the compressor.

Technical Specifications

Pulley Configuration	PV6
Compressor Model	5SL12
