

Adjustable Cool and Warm Mist Humidifier

This humidifier emits both cold and warm mist for maintaining optimal indoor humidity. It features adjustable mist control, a water level indicator, and quiet operation suitable for bedrooms, offices, and nurseries.

Product Overview

Advanced Humidity Control

This adjustable cool and warm mist humidifier utilizes patented atomization and vaporization technology to provide efficient, customizable indoor climate control. Designed for versatility, it features three mist output levels and an adjustable humidistat ranging from 40% to 80%. With integrated noise suppression, ambient monitoring, and safety mechanisms like automatic shut-off and double overheating protection, it is an ideal solution for maintaining comfort in professional or residential environments.

Performance & Features

Mist Intensity Levels	3 levels
Adjustable Humidistat Range	40% - 80%
Timer Setting	12 hours
Key Functionalities	Cool & Warm Mist, Aroma Compatible, Auto Mode, Ambient Monitoring, Noise Suppression

Safety & Durability

Safety Mechanisms

- Automatic shut-off with waterless warning
- Double overheating protection (sensor and fuse)
- Anti-shedding nozzle design

Build Quality

Ceramic Glass Glaze Transducer • Scale Resistant • Integrated Noise-Suppression Body

Design & Usability

Mist Nozzle	360-degree rotatable
Maintenance	Optional demineralization cartridge support
