Product Overview

Versatile Rechargeable Cooling Solutions

These adjustable electric fans are designed for reliable performance in both home and office environments. Featuring dual AC/DC operation, they ensure consistent airflow even during power outages thanks to integrated rechargeable sealed lead-acid batteries. Each unit includes built-in LED lighting, making them highly practical for use as night lights or emergency illumination.

Technical Specifications

Model Comparison

Model	Fan Size	Battery	LED Count
KL-2312	12 inch	6V 4.0Ah	4
KL-2391	16 inch	6V 7Ah	2
KL-2396	14 inch	6V 7Ah	20

Operational Features

AC/DC Operated, 2-Speed Control, Oscillating Function, Rechargeable
