

Adjustable Height Pedestal Fan

This stand fan provides adjustable height for customized airflow. It features a safety grill, multiple blades, and a stable four-legged base.

Product Overview

Professional Indoor Air Circulation

This adjustable height pedestal fan is engineered for reliable performance in indoor environments. Featuring a 50W motor and three distinct speed settings, it provides customizable cooling solutions through its tilt-adjustable head and oscillation function. Built with safety-focused design elements, it is an ideal choice for professional-grade air circulation needs.
