

Adjustable Height TV Stand with Shelves

This TV stand is constructed from high gauge cold rolled steel and tempered glass. It is designed for TVs and projectors and includes a universal hardware pack.

Product Overview

Professional Adjustable Presentation Stand

This versatile mobile stand is designed for screens ranging from 13 to 27 inches, making it an ideal choice for projectors, TVs, and professional presentations. Constructed from high-gauge cold-rolled steel with tempered glass components, it offers both durability and a sleek, modern aesthetic suitable for conference rooms and educational settings. The unit features comprehensive height adjustability and a 360-degree rotation, ensuring optimal viewing angles for any environment.
