

# Adjustable Height Workbench with Crank

This height-adjustable workbench allows users to create an ergonomic workspace tailored to their needs. It eliminates the need for separate workbenches for sitting and standing tasks, improving productivity and work quality.

## ADDITIONAL IMAGES

## Product Overview

### Ergonomic Adjustable Workbench

This height-adjustable workbench is designed to create the perfect ergonomic area for various workspace processes. By allowing seamless transitions between sitting and standing positions, it eliminates the need for multiple workstations, thereby improving productivity and consistency. The robust construction and manual crank mechanism ensure stability and ease of use for professional environments.

## Technical Specifications

Dimensions	1200 x 600 x 1000 mm
Height Adjustment Range	750-1100 mm
Load Capacity	227 kg
Lifting Mechanism	Manual Crank
Adjustment Speed	7.5 mm/turn

## Design & Features

### Available Frame Colors

Black • White • Hammertone

### Key Features

- Manual crank height adjustment
- Ergonomic sit-stand functionality
- Optional pegboard for storage organization
- Sturdy steel frame construction
