

# Adjustable LCD Monitor Desk Mount

This desk mount improves office ergonomics by raising monitors to a comfortable viewing height. Its swivel function allows users to easily share their screen with others.

## Product Overview

### Ergonomic Desk Mount Solution

This adjustable LCD monitor desk mount is designed to optimize your workspace by elevating your screen to an ergonomic height, helping to reduce neck, shoulder, and back strain. It features a versatile design compatible with most flat-screen monitors between 12" and 32", supporting weights of up to 10kg. The mount offers extensive adjustability, including tilt, swivel, and rotation, allowing users to customize their viewing angle or share their screen easily. Its sturdy steel construction and simple clamp mechanism help clear up valuable desk space for a more organized workstation.
