

# Adjustable Pipe Wrench

This heavy-duty pipe wrench is designed for gripping and turning pipes and fittings. Features include adjustable jaws, hardened teeth for secure grip, and a durable handle for leverage.

## Product Overview

### Heavy-Duty Adjustable Pipe Wrench

This heavy-duty pipe wrench is engineered for reliable performance in demanding plumbing, construction, and industrial environments. Constructed from drop-forged steel, it offers exceptional strength and durability for turning pipes and fittings. The adjustable jaw design accommodates various pipe sizes, while the ergonomic handle ensures comfortable leverage during operation.

## Technical Specifications

Material	Drop-forged steel
