

Adjustable Temperature Dry Iron

This dry iron features adjustable temperature control for different fabrics. It is equipped with a safety cut-off function.

Overview

Efficient and Reliable Dry Ironing

This adjustable temperature dry iron is designed for professional and domestic efficiency, featuring a high-performance 1000W heating element. It includes a precision temperature control dial to handle various fabric types and a safety cut-off feature for peace of mind. The ergonomic design and non-stick soleplate ensure smooth gliding and comfortable operation during extended use.
