

# Adjustable Tilt Ceiling Mount for Flat Panel Displays

This ceiling mount is designed to securely hold flat panel TVs and displays. It features an adjustable pole for optimal viewing height and tilt adjustments for flexible viewing angles.

## ADDITIONAL IMAGES

## Overview

### Professional Ceiling Mount Solution

This adjustable tilt ceiling mount is engineered from high-gauge cold-rolled steel, providing a robust solution for mounting flat panel displays in commercial or residential spaces. It features a tool-less tilt mechanism and an adjustable pole length ranging from 380mm to 620mm for optimal viewing height. With a high load capacity of 56kg and optional security features, it ensures a safe and versatile installation for screens up to 37 inches.
