

Adjustable Water Pump Pliers

These water pump pliers are designed for gripping and turning irregularly shaped objects. The adjustable jaws allow for versatile use in plumbing, automotive, and general repair applications.

Product Overview

Professional Versatility

These adjustable water pump pliers are engineered for reliable performance in plumbing, automotive, and general repair tasks. Featuring adjustable jaws, they offer superior control when gripping and turning irregularly shaped objects. The design prioritizes user comfort with ergonomic handles to minimize fatigue during extended use, ensuring a durable and professional-grade solution for demanding work environments.

Technical Features

Key Features
