

# Agricultural Gearbox for Farm Equipment

This agricultural gearbox is designed for heavy-duty applications in farming equipment. It features precision-engineered gears for efficient power transmission and smooth operation.

## Product Overview

### Heavy-Duty Agricultural Gearbox

This agricultural gearbox is engineered for demanding heavy-duty applications within farm equipment. Featuring a robust cast metal housing, it is built to withstand harsh environmental conditions while ensuring long-term durability. Precision-engineered internal gears deliver efficient power transmission and smooth operation, making it an ideal component for tractors, harvesters, and various agricultural machinery.

## Technical Specifications

### Suitable Applications

- Tractors
- Harvesters
- Agricultural vehicles

### Performance Metrics
