Overview

Robust Soil Cultivation

This agricultural plow is engineered for efficient soil preparation and cultivation across diverse field conditions. Constructed from heavy-duty steel with a corrosion-resistant finish, it offers long-lasting durability for small to medium-sized farming operations. The implement features adjustable depth control and a versatile three-point hitch system, ensuring precise soil engagement and seamless integration with standard tractors.

Key Features

Construction Highlights

Heavy-duty steel frame, Corrosion-resistant finish, Replaceable share point, Adjustable depth control wheel, Three-point hitch system

Technical Specifications

Model	Nos of bottoms	Working width	Working depth	Weight	Tractor HP	Tractor Hitch
1LG-2-25	2	500mm	200-250mm	120kg	25HP	3 pt. Cat 1
1LG-3-25	3	750mm		230kg	40HP	
1LG-4-25	4	1000mm		310kg	60HP	
1LG-3-35	3	1050mm	220-270mm	400kg	70HP	3 pt. Cat 2
1LG-4-35	4	1400mm		510kg	90HP	
1LG-5-35	5	1750mm		650kg	120HP	

Detailed model specifications including working width, depth, and tractor requirements.

Model Specifications

Model	Bottoms	Width (mm)	Weight (kg)	Tractor HP
1LG-2-25	2	500	120	25
1LG-3-25	3	750	230	40
1LG-4-25	4	1000	310	60
1LG-3-35	3	1050	400	70
1LG-4-35	4	1400	510	90
1LG-5-35	5	1750	650	120
