Product Overview

Heavy-Duty AC Mounting Solution

This heavy-duty air conditioner bracket is engineered for secure and stable mounting of various AC unit sizes. Constructed from durable steel with a specialized corrosion-resistant finish, it ensures long-lasting performance even in demanding environments. The triangular support structure provides enhanced load-bearing capacity while effectively minimizing vibration for quieter operation.

Technical Specifications

Performance Benefits

- Enhanced load-bearing capacity
- Vibration reduction
- Versatile installation options
- Suitable for various wall types

Material	Durable Steel
Finish	Corrosion-resistant
Design Features	Triangular support structure, Adjustable support arms, Multiple mounting points
