

Air Fryer

This air fryer uses rapid air circulation to cook food with little to no oil, offering a healthier alternative to traditional frying. It has adjustable temperature controls and a timer for precise cooking.

Overview

Healthier Cooking Solution

This oil-free fryer utilizes rapid air circulation technology to cook food with little to no oil, offering a healthier alternative to traditional frying. It features adjustable temperature controls and a timer for precise cooking, making it ideal for preparing a variety of foods from fries to chicken with reduced fat and calories. The unit includes a removable basket for easy cleaning and a cool-touch exterior for safe handling.

Technical Specifications

Power Output	1500 W
Voltage	100-127V~, 220-240V~
Cooking Capacity	2 L
Cord Length	1.2 M
