Overview

Advanced Indoor Air Purification

This sleek, modern air purifier is designed to significantly improve indoor air quality by removing dust, allergens, and toxic substances like formaldehyde and benzene. Featuring a comprehensive three-stage filtration system, it effectively eliminates odors from tobacco and pets while ensuring a fresh environment. With its compact design and intelligent features like auto mode and air quality indicators, it provides a user-friendly solution for maintaining a healthy living or working space.

Target Pollutants

- Dust and particles
- Formaldehyde and Benzene
- Pesticides
- Tobacco and smoke odors
- Animal odors
- Fog-like hydrocarbons

Filter Configuration

Pre-filter, HEPA Filter, Activated Carbon

Technical Specifications

Product Item NO.	TL2867
PCADR	150m ³ /h
Power consumption	16W
Filter configuration	Pre filter+HEPA+Activated Carbon
Noise level/max	61dB (A)
Motor	DC motor
Applicable room size	10-18m ²
Manual control of fan speed setting	Yes (x fan speed)
Sensor	IR sensor
Functions	Auto mode, sleep mode,filter reminder
Digital display	NA
Air quality indicator	Yes, color ring
Adaptor	24V0.75A
Product dimension	315*105*342mm
MOQ	1000pcs
USD(FOB NINGBO)	

Motor Type	DC motor
Maximum Noise Level	61 dB(A)
Product Dimensions	315 x 105 x 342 mm
Power Adaptor	24V 0.75A

Smart Features

Available Modes

Auto Mode • Sleep Mode • Manual Fan Control

Monitoring & Indicators

- Air quality color ring indicator
- Filter replacement reminder
- IR Sensor
