Product Overview

High-Performance Air Suspension Solution

This air suspension compressor is precision-engineered to restore and maintain optimal air pressure for the BMW X5 E53 suspension system. Designed for durability and seamless integration, it ensures consistent ride height and comfort under various driving conditions. This unit is built to meet rigorous standards, providing a reliable replacement component for your vehicle's air management system.

Technical Details

Model Number	1Z 0201
Manufacturer Part Number	3722 678 7617
OEM Reference	WABCO 415 403 304 0

Compatibility

Compatible Vehicle	BMW X5 E53
--------------------	------------

Logistics & Warranty

Payment Terms

- Full payment
- 30% deposit and 70% before shipment

Warranty	1 Year
Place of Origin	Guangzhou, China
Packaging	Carton
