

Airport Luggage Cart

This airport luggage cart has a load carrying capacity of 90kg. It weighs approximately 11kg and has overall dimensions of 710mm x 500mm x 1000mm.

Overview

Professional Airport Luggage Handling

This airport luggage cart is engineered for durability and ease of use in high-traffic environments. Constructed from high-strength 6063 aluminum alloy, it offers a robust solution for transporting passenger baggage while maintaining a manageable weight. Featuring a stainless steel basket and smooth-rolling TPU swivel casters, this cart ensures reliable performance and maneuverability for travelers.
