

Airport Luggage Trolley

This airport trolley has a load carrying capacity of 90kg. Its overall dimensions are 710 mm x 500 mm x 1000 mm.

Overview

High-Efficiency Airport Luggage Trolley

This airport luggage trolley is engineered for durability and ease of use in high-traffic travel environments. Constructed from high-grade 201 stainless steel, it offers excellent resistance to wear while maintaining a lightweight profile for maneuverability. With a 90kg load capacity and smooth-rolling TPU wheels, this trolley ensures reliable performance for passengers and airport staff alike.
