

AISI 304/316 Stainless Steel Wire Rope

This stainless steel wire rope is made from AISI 304 or AISI 316. It is available in 7x7 and 7x19 strand configurations.

Product Overview

High-Performance Stainless Steel Wire Rope

This premium stainless steel wire rope is engineered for durability and reliability in demanding industrial and marine environments. Available in AISI 304 and 316 grades, it offers exceptional corrosion resistance and high tensile strength. With a wide range of construction types and diameters, this versatile solution is suitable for applications spanning from rigging and construction to metallurgy and hardware.

Technical Specifications

Tensile Strength

- 1570
- 1670
- 1770

Surface Treatment

Bright • Annealed • Electro polished

Available Materials

AISI 304, AISI 316, AISI 304L, AISI 316L, Non-magnetic

Diameter Range

32 mm

Lay Direction

R.H.O.L and L.H.O.L

Construction & Standards

Construction Configurations

- 1X7
- 1X19
- 7X7
- 7X19
- 6X7+FC/IWS
- 6X19+FC/IWRC/IWSC
- 19X7
- 6X37+FC/IWRC
- 6X36WS+FC/IWRC

Standards Compliance

AISI, ASTM, DIN, EN12385-4, BS, GB, JIS

Logistics & Compliance

Packing Methods

- Plywood reels
- Plastic spools

HS Code

7312100000

Applications

Primary Applications

Rigging, Construction, Aircraft, Metallurgy, Hardware
